

INTERNATIONAL Education Prospectus

STUDY AT A WORLD-CLASS AUSTRALIAN COLLEGE

Sheldon College International Education Program is a boutique Educational Program that provides an opportunity for visiting international students to be welcomed into the Sheldon College Family and engage with a world class educational institution.

Sheldon College warmly welcomes international students to visit and engage in a suite of Educational Programs and unique program offerings. Our warm welcome, personalised service and respectful relationships between international students, educators, and parents is our point of difference in creating a safe, nurturing environment built on the philosophy of **Love, Laughter and Learning**.

Sheldon College is a non-denominational, independent school with strong values, principles and ethics which are an integral part of our College ethos. Studying at our College can provide access to exceptional educational opportunities within a supportive environment.

Our College campus is located on 56 acres in a semi-rural setting in Sheldon. The College was established in 1997 and is committed to providing a quality education for all students in a safe, secure, learning environment which is characterised by high standards for both staff and students in the areas of dress and appearance, behaviour and individual scholarship and work habits.

The College is organised into 4 sub-colleges:

Early Learning (Kindergarten and Preparatory - Ages 3 to 5)

Junior College (Years 1 to 4)

Middle College (Years 5 to 8)

Senior College (Years 9 to 12)

Code of Behaviour Expectations

All students must abide by Sheldon College's Code of Conduct. Students are expected to have high standards in dress and appearance, behaviour, individual scholarship and work habits.

The Code of Conduct is built around the 4C's:

COURTESY	Respect and good manners towards all students, staff, parents and visitors
CONSIDERATION	For other people's feelings, belongings, general well-being, safety and Sheldon College property
CO-OPERATION	With all students, staff, parents, visitors and College rules
COMMON SENSE	In all activities, and at all times, to ensure a safe, productive working environment

Principal's Welcome

Welcome to Sheldon College. We would be delighted to welcome you into the Sheldon College family.

We are sure that you will enjoy and learn from the vast array of educational opportunities available to you, whilst learning in state-of-the art facilities available here at Sheldon College, and enjoying all the benefits of an exclusive Australian education.

Our College aims to assist each student to achieve the best of his/her ability, as well as promoting mutual respect, trust and recognition of the individual worth of each person. Our Educational Program is provided within a context of a safe, orderly environment which is supported by a strong staff and student work ethic which promotes acceptance of, and adherence to, high standards in the areas of dress and appearance, conduct, and individual scholarship and work habits.

Sheldon College provides a first-class curriculum and Educational Programs in the academic, sporting and cultural arenas. The primary focus is on educating the whole child and understanding that our children must be adequately prepared to not only live in, but also contribute to, an inter-connected global community.

I look forward to welcoming you to our College.

Dr Lyn Bishop OAM

Destination Redlands Coast

Sheldon College is located 30 minutes from Brisbane, Australia's third largest city and an hour from the Gold Coast, a popular international tourism destination.

Fringed by the stunning and ecologically diverse Moreton Bay, and with beautiful Stradbroke Island just a hop and a skip away, there is plenty to see and do.

Located just minutes from the commercial precincts of Victoria Point and Capalaba, Sheldon features semi-rural living among vast tracts of protected land that preserves the naturally wonderful eucalypt bushlands and provides a refuge for native wildlife. Enjoy the rural ambience and see koalas and other native wildlife, including wallabies, rosellas, kingfishers, turtles and more, in their natural environment.

Getting around is easy with train and bus services operating between the different suburbs of the Redlands, as well as to and from Brisbane.

From the coastal village of Wellington Point, known for its great fishing, boating and water sports, to Victoria Point, where seaside parks and esplanades draw family and friends to picnic, cycle and swim, the Redlands offers a charming experience. In the hinterland find the award-winning Sirromet Winery and experience natural bushland at IndigiScapes. Over on North Stradbroke Island you can enjoy four-wheel driving, snorkelling, diving and watching marine life.

World-Class Facilities

The College campus is located in a semi-rural setting which provides an idyllic learning environment, free from disruption.

The modern architecture and landscaped gardens play host to advanced and contemporary facilities for the vast range of academic, sporting and cultural programs on offer.

These exceptional facilities allow for our staff to design and deliver educational innovation and excellence in all pursuits.

*“Some say
it is a resort,
not a College”*

Mr John Lord,
Director of College Operations

.....

Sheldon College boasts state-of-the-art classrooms, the latest technology infrastructure, Science laboratories, business entrepreneurial suites, modern library and resource centres for both junior and senior students, a major sporting stadium with championship courts, a heated swimming pool, film, television and media studios and accompanying suites, performing arts and music facilities, sound recording studios, Visual Art studios with accompanying sculpture courtyard, computer aided and graphic art design studios, commercial training kitchens and an Event Centre with seating capacity for 2,000 with on-site catering provided for any scale event.

College Environment

Sheldon College is setting benchmarks across all disciplines, with an extensive, thriving curriculum and truly unique experiences at the College.

Students embrace new ideas in innovation and entrepreneurial literacy by availing themselves of the wide array of facilities and services on offer.

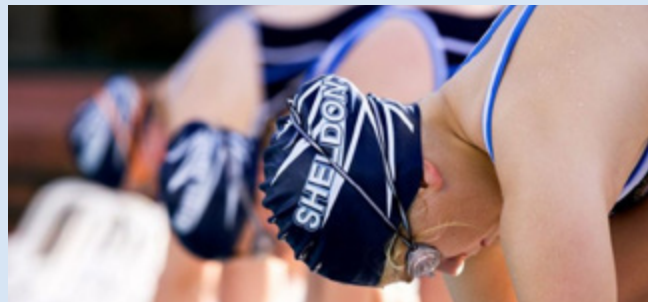

An unparalleled educational experience, with facilities, which have to be seen to be believed.

Our Early Learning Program aims to promote the development of a child who has the attributes of inventiveness, curiosity, persistence, engagement, reasoning, problem solving, responsibility, imagination and creativity. We offer Long Day Care, Kindergarten and Preparatory.

Café 97, our new modern food court is located on the College campus and is a great place for students and parents to enjoy a delicious meal or a snack, prepared by our professional catering team, inclusive of Executive Chef.

The Sheldon Academy of Sport brings together the College's professionally coached sports of Athletics (Cross Country and Track & Field), Swimming (Learn to Swim and Squads) and Tennis, with in-house expert Strength & Conditioning support.

ASTA caters for students in Preparatory to Year 12 across all facets of Arts Education, including Performance Music, Fine Arts, Drama, Dance, Voice, Film, Television and New Media, Musical Theatre and Fashion and Costume Design.

The Sheldon Event Centre is one of the leading facilities of its kind in South East Queensland and caters for up to 2000 guests. It is a venue of exceptional quality and offers catering and a professional events team.

The College's Food Truck provides high-quality gourmet street food at each of our major events. The truck turns heads wherever it goes, brought to life by the most amazing signage, lighting and music, thus creating the perfect atmosphere.

The Sheldon LINQ (Learning Innovation for a New Queensland) Academy is a multi-dimensional educational facility with state-of-the-art facilities, that is leading curriculum innovation and educational change with innovative programs.

Our Learn to Swim Program, operating out of a modern undercover facility, features a pool specifically designed and heated for year-round swimming lessons. Our professional staff are all Austswim accredited and are constantly challenged to develop their own skills, as well as those of your child.

FRESCO was formed in 1998 to introduce ways to assist the broader College Community to interact with and support one another by participating in networking activities. Today's FRESCO is a communications meeting point, dedicated to bringing families closer together.

Aviation and Space Academy

On the successful completion of the Sheldon College Aviation Program (Work Experience in industry and the hands-on flying of aeroplanes), students will receive industry recognised credentials provided through the Sheldon College Partnership with the Australian Wings Academy.

College Community

We welcome students into the College Community and encourage them to improve their English proficiency by immersing themselves in the Australian culture.

College staff are highly trained, friendly and many host the Homestay students in their own houses. We ensure an inclusive, fun-filled and inspiring atmosphere which enables international students to thrive.

We host a range of social activities and events each month, which provide many opportunities to connect with other students and families, whilst making friends during your experience at Sheldon College.

Our College App assists our students, parents, staff and wider College community to stay up to date and in touch with communications, events and news.

The iLINQ App is designed to give a seamless environment with ready access to information about events and activities at the College, as well as key contact details and maps. The App provides an easy way to access personalised content and communication from the College's online environment, iLINQ.

ANNUAL HIGHLIGHTS

BUSH DANCE

In March, Community members of all ages kick up their heels with a fun-filled evening of live music, great food and loads of fun and rides for the whole family. The evening features food trucks and of course great music, along with additional support performances from our talented teachers and Australian School of the Arts (ASTA) students and Alumni.

FATHERS' CAMP OUT

Each year to celebrate Father's Day, Dads and their children in Kindergarten to Year 6, join us for a fun-filled overnight camp out which includes swimming, ball games, obstacle courses, entertainment, BBQ dinner, movie night (footy finals on the big screen for the Dads) and breakfast.

REDLANDS LONG LUNCH SERIES

This event sees Redlands Councillors and Federal MPs, local business owners, Sheldon College families and supporters attend, to hear a nationally recognised Guest Speaker present. Hosted by a famous Comedian, guests are entertained with live music, a three-course lunch including drinks and have the opportunity to network and make connections within the College Community.

MUSICAL

Australian School of the Arts Senior College Musical is held in May each year. Feedback in previous years from audiences is that they have to keep reminding themselves that it is a high school production due to the professional standards and high quality performances.

SPORTS AWARDS

The Annual Sports Awards Dinner reflects on sport at Sheldon College and celebrates our sporting stars and their great achievements throughout the year, by showcasing students from Years 3 through to Year 12. Guests enjoy an evening accompanied by entertainment, a sit-down meal, awards ceremony and presentation from a special guest keynote speaker.

ARTS ACADEMY AWARDS

The Australian School of the Arts' Annual Arts Academy Awards is a spectacular celebration of the diversity and depth of Arts talent and creativity that we are so fortunate to have at Sheldon College. Electrifying performances of a professional standard are guaranteed, whether in the Band or Choir, as Dancers, Actors, Vocalists, Instrumentalists, Fine Artists, Fashion Design students or Media and Tech Crew.

International Education Programs

Sheldon College International Education Program is a boutique program that allows visiting students to experience our distinguished facilities and be taught by our dedicated teachers. The program is broken in to three unique categories: Study Tours, Study Abroad and Long-term Enrolments.

Study Tours

Short-term (1-8 weeks) group programs that include class integration and tailor-made timetabling.

FIND OUT MORE 1.

Study Abroad

Immersion program for individual students who are on campus for 2-12 weeks.

FIND OUT MORE 2.

Students will have the opportunity to be equipped to be:

- Self-directed Learners
- Creative Thinkers
- Skilled in the Core Literacies
- Problem Solvers and Innovators
- Possessing High Self-esteem
- Information and Media Literate
- Effective Communicators and Collaborators

“Our study tours offer international students a taste of what a first-class education in Australia would be like.”

Mrs Denita Bird,
International Education Program Manager

Investment in the development of this program has a range of long-term benefits for the Sheldon College Community including:

- Greater cultural understanding within our community
- Enhancing social and communication skills for our students
- Broadening leadership opportunities for students
- Increasing appreciation of global communities and connectedness
- Lasting international friendships
- Providing a revenue stream to support the development of additional College programs, resources and facilities for the Sheldon College Community

A dedicated International Education Program Manager and Study Tour Co-ordinator are available to assist with 7 day a week support for international students, teachers and Homestay families.

Long-term Enrolments

Individuals on Student Visas who are enrolled and who have all the reporting and attendance expectations of a Sheldon College student.

FIND OUT MORE 3.

Study Tours

This is a 'boutique' educational and cultural immersion program, designed for school groups that enjoy a strong reputation of excellence world-wide, with most groups re-booking return visits.

Short-term (1-8 weeks) group programs that include class integration and tailor-made timetabling.

The program duration is a short course of study generally ranging from one to eight weeks. Students participating in this program can engage in a range of classroom immersion, pastoral care, TESOL, extra-curricular, cultural programs and excursions. The program allows for international students to experience first-hand the culture, language and style of learning within an Australian school.

The program is designed for students to actively engage in a range of curriculum and pastoral care programs where the learning is dynamic, interactive and innovative.

Sheldon College customises tours for each visiting school group. Benefits of the Sheldon College Study Tours include:

- First class Educational Programs based on the latest educational research delivered by highly skilled and specialist teachers through a range of digital tools and pedagogies.
- Sheldon College Teacher of English as a Second Language Teacher (TESOL) to assist students achieve maximum participation in all classroom activities, as well as providing targeted English immersion programs.
- Access to the LINQ Academy Technology and Robotics Program. Students are introduced to programming and coding using Robots and Drones to Mixed Reality including Augmented and Virtual Reality. See Page 23 for more details on Programs available.

Experience first-hand Australian culture, varied styles of learning and the English language

- Pastoral Care Program to assist students in better understanding Australian culture and values to support immersion in a foreign culture.
- Workbook and Stationery Packs provided to students with tailor-made literacy and numeracy workbooks.
- Sporting Program accessing our international standard tennis centre, tartan track and sports stadium with our specialist coaches and teachers.
- Learn to Swim Program in our purpose-built, fully enclosed, Learn to Swim facility with our professional Austswim Accredited Coach. Our pool is heated so students can enjoy swimming all year round.
- Extra-Curricular Arts Program tailored especially for International Study Tour Students. This program provides Master Classes in the areas of Visual Art, Music, Drama, Dance, Film and TV/Media delivered by Sheldon College teachers who are also industry specialists in these fields.
- Weekly Excursions to Queensland's iconic tourist attractions.
- Camp Program located at Lake Ainsworth Sport and Recreation Centre, one-hour south of the Gold Coast and located on one of Australia's beautiful beaches and minutes from National Parks and rainforests. Students participate in a range of tailor-made activities including rock climbing, sailing and surfing conducted by accredited camp instructors.

Accommodation

The most important part of every international student's life is a happy home environment. Students must feel protected, secure and supported in order to enjoy their time in Australia.

Homestay accommodation is arranged by the College for international students. Sheldon College takes its duty-of-care very seriously and has a rigorous selection and monitoring process for families participating in the Homestay Program. This involves an application, interview process and inspection program to ensure all homes are suitable and to ensure the welfare and safety of each visiting student. All household members over 18 years of age must hold a current Blue card (Government child-safety and screening process for people who work with children).

As part of the Homestay experience, students are expected to participate in all aspects of the family's day-to-day activities. This gives the students an opportunity to enjoy our Australian customs and culture. During the student's stay, the Homestay family will provide all meals, the student's own bedroom and transport to and from the College for the student each day.

The Sheldon College International Education Program for Students is focussed on delivering dynamic and innovative learning opportunities to inspire and prepare the future generation of thought leaders and change makers. We look forward to welcoming you into the Sheldon College family.

Incursions and Excursions

The Sheldon LINQ Academy Incursions and Excursions for International Students are full day workshops designed for students of all ages to ignite curiosity and spark creativity and innovation.

1. THE DRONE ACADEMY PROGRAM

The Drone Academy Program introduces students to the world of drones and provides unique opportunities for students to engage in and explore this emerging field.

Students are given the unique, hands-on opportunities to learn practical applications of the engineering and science behind flying drones, as well as highlighting the potential of drones to solve real world problems.

The program provides, the design and construction of a micro-drone, practical flying skills, and an opportunity to apply learning in drone missions including team challenges such as search and rescue, code-breaking operations and obstacle courses.

2. MIXED REALITY ACADEMY PROGRAM

Virtual Reality and Augmented Reality - The Mixed Reality Academy Program engages students' curiosity to learn and create using virtual reality and mixed reality tools whilst immersing students in new worlds of learning that would normally be unimaginable.

This program will enable students to build and code their own experiences. With no experience necessary, students will, by the end of the workshop, develop 3D holographic objects and a new virtual reality experience.

Students will then be able to share their virtual world that they create, with their family back home, with the provided headsets that they will receive at the conclusion of this program.

3. ENTREPRENEURS' ACADEMY PROGRAM

This program is designed to be a crash-course in entrepreneurship and innovative thinking. Engaging in this program will give students insights, basic skills and confidence to pursue and create their own business venture in the modern and ever-changing world.

Students will work in teams to generate ideas and solutions to solve real-world problems and then develop entrepreneurial mindsets and skills to turn their ideas into a profitable business.

Students then build a brand and develop a pitch strategy to showcase their vision and highlight the features of their solution.

4. VIDEO EDITING CRASH COURSE

This Academy program will develop a range of media skills with students creating their own videos by taking inspiration from a variety of styles, perhaps telling stories, making documentaries or their own music clips. Please note final projects will be uploaded to a private Video Sharing Channel sent directly to the school co-ordinator.

This program will help build creativity and communication capabilities that are required for the jobs of the future.

Working in our state-of-the art media and T.V studio, using green screen technology, students will work collaboratively to plan scripts, undertake the roles of director, actor and film crew and finally develop editing and post-production skills.

5. RAPID PROTOTYPING PROGRAM

Students will be actively engaged in this hands-on workshop to gain an understanding of basic design thinking principles and rapid prototyping.

Students will be required to harness their imagination, creativity and apply fast-paced problem-solving skills to create their innovative design to meet the design brief using electronics, 3D printing and laser cutting.

Students will be guided through the design process, tinkering with a range of tools and technologies to create a prototype to trial and test their 'out-of-the-box' solution.

Students will have the opportunity to create their very own invention using light, sound, sensors, buttons, thresholds, pulse, motors, etc.

6. ROBOTICS PROGRAM

During this workshop, students will build and code a robot to compete against each other in a Robot Competition and create a rescue from a simulated victim from a disaster zone.

This workshop will provide students with the opportunities to learn about gearing systems, mechanical engineering, electrical engineering, computer science and autonomous programming.

An in-house competition will be conducted at the conclusion of the workshop whereby students will develop group work, resilience and sportsmanship skills.

Incursions and Excursions

FREQUENTLY ASKED QUESTIONS

Are the programs for groups or individuals?

These programs can be tailored for Primary and High-School age students. Groups of students must be from the same school and must be accompanied by a support teacher or agent. The support staff will be responsible for the behaviour of students during the program.

Do schools need to be engaged in a study tour at Sheldon College to participate?

No, international schools that are being hosted by other local Queensland schools can also book a Sheldon LINQ Academy excursion as part of their Queensland educational experience.

Duration of the program?

Programs are designed as a single, full day excursion.

Start time- 9:00am, Finish time- 3:00pm.

Transport to and from the venue?

The Academy Programs are full day educational excursions. Individual tour groups can provide their own transport to and from the venue, or alternatively this can be arranged for an additional cost.

Group size?

Minimum numbers are 10 students. Maximum numbers are 30 students for 1 program.

For tour groups with more than 30 students, tour organisers could select two programs e.g. the Robotics Program and Mixed Reality Program which means 50 students are still able to participate. This program may be run at the same time on the same day, subject to availability.

Alternatively, the same program e.g. Robotics, can be booked for two different groups but on different days, subject to availability.

Venue:

The Sheldon LINQ Academy,
Sheldon College, 43- 77 Taylor Road, Sheldon, QLD, 4157

Catering Options:

Students can provide own morning tea and lunch, or catering can be provided for an additional cost.

International Professionals Program

1. PROFESSIONALS SCHOOL BASED TOURS

Short-term (1 - 3 weeks) for a group of educators

Designed to showcase Sheldon College's unique curriculum design and its innovative and highly effective instructional practices. International educators have the opportunity to observe, engage and interact with Sheldon College's Academic Team. Tours are tailored to target learning phases, subject specialisation and specific professional learning interests.

2. PROFESSIONALS STUDY ABROAD PROGRAM

Immersion program for individual educators who are on campus for 2- 12weeks

This program incorporates a suite of experiences, including classroom observations, workshops, and work-shadowing opportunities. Tours are tailored to target specific professional learning needs in areas of curriculum design, pedagogy, including digital pedagogies and high impact methodologies.

3. LEADERSHIP DEVELOPMENT PROGRAM

The Leadership Development Program is designed to build the leadership capacity of international school leaders and Principals. The program can be customised to target topics including educational leadership; innovation and entrepreneurialism in education; creating high performing teams and systems; change management strategies; strategic planning and performance development; and management.

4. TEACHER TRAINING-PROFESSIONAL PLACEMENT PROGRAM

The Teacher Training-Professional Placement Program is a professional visit program that is designed for teachers who are engaged in professional training courses with Australian universities. This program creates practical opportunities for teachers to develop their practice within a Queensland school setting working with expert mentor teachers, digital pedagogies and high impact methodologies.
